VII. OTHER BUSINESS

A. Board Policies 07-006 and 12-007 Regarding Research Minimum Standards For Research Involving Human Subjects or Records of Department of Juvenile Justice.

On February 9, 2005, the Board's Minimum Standards For Research Involving Human Subjects Or Records Of The Department of Juvenile Justice became effective. That regulation provides safeguards for juveniles who might be subjects of proposed research projects, and provides a process for reviewing and

approving proposed research projects, including oversight by a human research review committee.

As part of its ongoing review intended to coordinate discrete policy statements with Board regulations and standards, the Department has compared and contrasted policy 07-006 (Juvenile Participation in Research) and policy 12-007 (Medical, Pharmaceutical and Cosmetic Experiments Prohibited) with the newly promulgated research standards. The Department recommends that policies 07-006 and 12-007 be rescinded, inasmuch as the Minimum Standards for Research addresses the same subject matter in greater detail than the policy statements themselves. The recommendation is to rescind these two policies.

On MOTION duly made by Ms. Pacheco, seconded by Ms. Downing, to rescind policy 07-006 (Juvenile Participation in Research) and policy 12-007 (Medical, Pharmaceutical and Cosmetic Experiments Prohibited). Motion carried.

B. Virginia's Long-Range Youth Services Policy

Board members have discussed the Long-Range Youth Services Policy issue several times and after the last meeting there was circulated a draft. In the board packet a summary of this was included and a copy of the comments submitted.

Internal staff has reviewed all the comments and submit to the board for consideration of the current status of recommendations for Long-Range Youth Services Policy. It was thought this would help to provide direction for the Department through any transitions that might be coming. No action was needed at this board meeting. This document was presented for discussion and a decision will be made at the June 8, 2005 meeting.

VIII. DIRECTOR'S COMMENTS

Mr. Jones commented on the "mothballing" of the Barrett Correctional Center. Barrett is at zero population and staff has been gradually moved to other places throughout the system to fill vacancies. There are plans for future discussion with Hanover County regarding utilization of the property at Barrett. No personnel were laid off as a result of the closing of Barrett. The transition was extremely smooth due to the excellent utilization report presented to the General Assembly done by the staff.

The utilization plan also called for the removal of the female population from Culpeper to Bon Air facility which took place. We continue to move forward from seventy-two to a one hundred and ninety-one population at Culpeper with a male population.

Mr. Jones commented on his most recent appointment to the Norfolk Juvenile and Domestic Relations District Court Judgeship and thanked the board for all their support.

IX. BOARD COMMENTS

Comments and congratulations were made to Director Jones on his judicial appointment by all the board members.

Mr. Penn commented on the gang activity in his Roanoke area that is starting to work its way into Virginia. Mr. Penn would like to discuss this issue at the June board meeting and what the department's future plans are in addressing this issue. Director Jones commented that Governor Warner has given us as a department a charge of dealing with the surge of gang activity and this issue will be put on the June agenda for discussion.

Director Jones presented Lapel Pins to all the board members from the Governor's office.

Mr. Sparks pointed out that four of the board member's terms will terminate on June 30th, however the reality is that board appointees will continue serving until a replacement or reappointment has been made.

Mr. Howard commended the Virginia Beach Detention Home's staff for their excellent programs. A tour of the facility will follow the board meeting.

There was a brief overview given of the mentorship and volunteerism programs/services existing in the Virginia Beach area.

The next Board meeting will be held at the Department of Juvenile Justice in the Board Room on June 8, 2005.
